

## Message from MD

manroland India has won a local service contract from Sandesh Newspapers which is one of the leading newspaper houses in the state of Gujarat. The work includes servicing and refurbishing of 10 Towers of Hiline.

## manroland worldwide

### Another Successful e-Retrofit for manroland web systems

This GEOMAN press at Novus Holdings saw the replacement of the Interbus Loop, ink level sensors, web break detectors, angle encoder, valve cluster interface and operating panel. This was a comprehensive project and consisted of multiple small replacements within the printing unit, folder unit and turner bar section. This process was conducted while the press was still in operation, resulting in no impact on

### New 48-Page LITHOMAN for Rotolito S.p.A.

To continue its market leadership in commercial printing, Rotolito S.p.A. has now invested in a new 48-page LITHOMAN for its highly modern printing facility in Milano. The new LITHOMAN enables a further upturn for productivity and efficiency for the production of catalogs, magazines, inserts and brochures. The press will be integrated in a wide range of manroland web systems printing presses: after the successful installation there will be four high volume commercial presslines at the facility in Milano.

## Latest Success

TBO Printing & Publishing Share Company places order for two CROMOMAN presses and a ROTOMAN HiPrint commercial system. manroland web systems once again proves to be the market leader in manufacturing of printing equipments.

As manroland web systems is also a synonym for highest automation, so the newspaper presses and the commercial press will be equipped with the latest automation features for highest efficiency, productivity and quality for modern and competitive printing today.
