Global News

Printing solutions provider manroland Goss web systems Group (MGWS) and GWS Printing Systems (GWS) of the Netherlands announce the signing of a Share Purchase Agreement covering MGWS's acquisition of the Dutch specialist in used web offset equipment.

Alexander Wassermann, CEO of manroland Goss, emphasizes: "The acquisition of GWS and DOVAK by MGWS is a logical consequence of the many years of cooperation between the companies and the numerous project successes celebrated between the companies. Teaming our forces and solutions will result in an even broader portfolio to the printing industry worldwide. We expect the used equipment market and related services to grow within the next years, so adding GWS gives us the chance to become an even stronger and broader supplier in this business area."
