manroland | GOSS

Message from Sudeep Bhattacharjee
Managing Director

2020 has been an eventful year as the world witnessed yet another pandemic. Tiding over these difficult times, manroland Goss managed to stay close to the customers both virtually and physically, providing support and solution. Adjusting to the new normal, we welcome 2021, wishing a pandemic free world and a prosperous & healthy life for all.

manroland Goss Group acquires THALLO packaging business.

On December 17, 2020, the **manroland Goss Group**, Augsburg, and **Contiweb B.V.**, Boxmeer, Netherlands, signed a purchase agreement acquiring **Thallo** web-offset packaging business which includes all Intellectual Property Rights. “The acquisition of the Thallo packaging technology and business allows manroland Goss to expand its product portfolio”, says CEO Franz Kriechbaum. “Next to the fully automated and highly flexible VARIOMAN packaging solution, the Thallo press will strengthen our footprint in the packaging growth market.” New presses spare and wear parts, hotline assistance, and all other aftermarket services will become available at just one touch point: **manroland Goss**.

manroland Goss equips the most modern packaging printing company in Europe with a VARIOMAN c:line

manroland Goss will build a technically advanced printing press for the newly founded company ROSA. Equipped with an automatic winder with web storage and impact splicer, web cleaning, web edge guidance system, special draw-in unit plus 5 offset printing units, a flexo-printing unit, an electron beam curing unit as well as an inline rotary die cutter—to name just a few highlights—the new **VARIOMAN c:line** will be ready for production by the end of 2021.
