

## FROM MD'S DESK

After a hiatus of almost 2 years, the print industry like other industries is slowly on the path of revival & growth. However, we do notice a remarkable change from pre-pandemic times.

Terms like AI, ML, IoT, sustainable printing are no longer academic terms but have become the de rigueur for the industry today. Print industry needs to adopt & embrace these changes to keep itself relevant for the future."

Mr. Sudeep Bhattacharjee was one of the esteemed speakers at the 15th PAPEREX Conference held from 10 - 13 May 2022 at India Expo Centre, Greater Noida.
