

FROM MD'S DESK

In 2021, manrolandGoss launched "PARTICIPATE", a spare parts initiative. This provides us with a more flexible, faster and more efficient spare parts supply. In collaboration with our customers, we continuously optimize our spare and wear parts.

From this issue we will be sharing updates of latest development in our bulletins.

Do not miss this corner for latest info!

manrolandGoss India's service team has recently finished installation of Heidelberg M600 Press at Imprimerie EL Maarif in Morocco. A team of three technicians started the work in Jan 2023 and completed the mechanical and Electrical installation by March end.

New. Better. Lower prices.
new **Insert-clamping adapter** for mgws reel splicer

Due to the current market situation, it is difficult to buy the right sleeves with the right inner diameter, which means that you are usually limited to certain sizes when using paper rolls.

Shop now and use the paper rolls with 6-inch sleeves instead of the paper rolls with 3-inch sleeves!
Now available at MARKET-X.

New Insert-clamping adapter
For the use of reels with 6-inch sleeves.

Installation location: Reel core

With the brand new 6-inch clamping adapter (170.00014-7498) you can easily use reels with 6-inch sleeves instead of reels with 3-inch sleeves.

Buy now and benefit!
Higher flexibility. Top quality. Super price.

Benefits

- Higher flexibility
- OEM quality
- Great price
- Simple application

Important to note!

For inserting into the sleeve. Do not slide onto the chuck!
If the adapter is pushed onto the chuck, the sleeve will be damaged when a new reel is loaded on the splicer.
