## FROM MD'SDESK

We, manroland Goss and GWS Printing Systems are pleased to announce the acquisition of Galred Europe B.V, a renowned and established trading house in the used equipment sector for the packaging industry. This strategic move marks a significant milestone in GWS's mission to expand its presence and offerings in the used equipment sector including packaging.

## SERVICE PROJECT

**ACHIEVING  
MORE  
TOGETHER  
4YOU**

Our Service Team at manrolandGoss India has been part of various service projects and we endeavor to exceed the expectations of our customers. We are happy to share that we have completed Installation of 3 towers, 4 reel splicer and 1 folder of Goss U45 machine at Kala Jyothi

manroland Goss successfully completes installation of a new press line for a leading book printing company Bradford & Bigelow of Massachusetts, USA. This is their second press from manroland Goss which is customized to prints with high-quality UV inks and is equipped with a powerful LED UV dryer.

The LITHOMAN IV comes with four double circumference printing units and flexible DynaChange technology saves waste and time.
